

I am a

Mathematician

I understand the problem and find...

Possibilities

I make predictions

I can solve it in different ways

I can change my ideas

I use my knowledge to find...

Patterns

I work step by step

I check every possibility

I look for patterns using what I know

I can do a range of things to find and show...

Solutions

I use tools to show and solve my maths

I use mathematical language to share my maths

I build thinking with others
